

Registration for the 25/26 Season

Pre-Registration

We expect to reach capacity very quickly with our competitions so suggest that programmes pre-register to the Power Up portal which you can do by going to this link - <http://www.regchamp.com/powerup>.

Registration

On the 1st September at 10am, registration for all of our events will open! When registering for a specific event, you will need to input all your teams for the entry to be valid. If you have your teams already, then you can enter these as normal. If you are not entirely sure of the age, level or athletes of the team attending, you are able to place a holding team in the competition to guarantee your space for the event. Simply head to the style of routine (IASF / Prep / Novice / Dance etc) and select the holding team option. This will give you the opportunity to amend at a later date. Don't panic if you're not even sure what type of routine it will be, you can swap between the different categories when the amendments are made. We just need to have the number of teams that you will be entering, so whether that it is all the teams exactly as they will be, a mix of holding and known teams, or all holding teams, these are all ok. The holding teams will need to be changed to the actual teams before the standard pricing end date.

There is a £200 non-refundable deposit that is needed to secure your place at our competition and is required at the point of registration and is per event. Once you have registered your teams at the event, you can pay the deposit by going to the invoice and clicking continue online payment, or by paying through BACS with our details at the bottom of the invoice.

Registration could close early due to capacity and is on a first come, first served basis based on when the deposit was received. Registration for Group Stunts, Solos and Duos will open on the 1st October, other than for University Events
